Introduction Ronald Klatz, D.O.	xiii

Section 1 THEORIES OF AGING

A “Hibernation” Hypothesis for the Mechanism Underlying the Effects of Calorie Restriction on Aging <i>Roy L. Walford, M.D. and Stephen Spindler, Ph.D.</i>	1
Reversing Human Aging <i>Michael Fossel, M.D., Ph.D.</i>	7
Free Radical Theory of Aging <i>Denham Harman, M.D., Ph.D.</i>	15
Lessons Learned from Long-Lived Populations of the World <i>Ronald Klatz, D.O.</i>	33
How Low Thyroid Function Undermines Longevity <i>Stephen Langer, M.D.</i>	39

Section 2 INNOVATIVE CLINICAL ANTI-AGING THERAPIES

Nanotechnology and Its Medical Applications <i>L. Stephen Coles, M.D., Ph.D.</i>	49
Age Decline of Androgens in Males and Implications for Hormone Replacement Therapy <i>Michael Colgan, Ph.D., C.C.N.</i>	55
A Brief Guide to Anti-Aging Drugs <i>Tom Donaldson, Ph.D.</i>	61
Applications of Biomarkers of Aging: Five Possible Human Experiments <i>Richard Hochschild, M.A..</i>	79
Growth Hormone and Body Composition <i>Ronald Klatz, D.O. and Carol Kahn B.A.</i>	87
Testosterone Replacement Therapy: Andropause and the Aging Male Physiology <i>Ronald Klatz, D.O. and Robert Goldman, D.O.</i>	95

The Long Term Results of EDTA Therapy <i>E.W. McDonogh, D.O., A.C.G.P., F.A.C.A.M.</i>	101
Melatonin, The Pineal Gland and Aging: A Planetary and Biological Reality <i>Walter Pierpaoli, M.D., Ph.D.</i>	107
The Future of Live Cell Therapeutics <i>James Wilson, Ph.D.</i>	115

Section 3

INNOVATIVE THERAPIES FOR THE PREVENTION OF MEMORY LOSS

A Nutritional-Metabolic Approach to Memory-Loss: 18 Years' Experience <i>John V. Dommissee, M.D., F.R.C.P.C.(C.)</i>	119
Successful Reversal of Memory Loss: A New Seven Step Complementary Medical Approach <i>Dharma Singh Khalsa, M.D.</i>	133
Aging and the Brain: Phosphatidylserine (CPS) Breakthrough Nutrient for Memory Conservation <i>Parris M. Kidd, Ph.D.</i>	145

Section 4

PREVENTION OF AGE RELATED DISEASES

Skin Aging: Mechanisms and Possible Interventions <i>Paolo U. Giacomoni, Ph.D. and Patrizia D'Alessio, M.D., Ph.D.</i>	159
Anti-Aging Programming <i>Robert Goldman, D.O., Ph.D.</i>	167
Role of the Magnetic Steriotaxis System in a Possible Treatment Protocol for Neurodegenerative Disorders Such as Parkinsons Disease <i>Mathew A. Howard III, M.D., Rogers C. Ritter, Ph.D. Grady, M.D., Francis M. Creighton, IV, Ph.D.and George T. Gillies, Ph.D.</i>	175
Reversal of the Aging of Appearance Through Minimally Invasive Aesthetic Surgery <i>Gregory S. Keller, M.D.</i>	185
Spirituality and Longevity the Role of the Soul in Anti-Aging Medicine <i>Dharma Singh Khalsa, M.D.</i>	189
The Clinical Anticancer Action of Melatonin <i>Paolo Lissoni, M.D.</i>	193
Resistance Exercise and Its Rejuvenational Properties <i>Tony Little</i>	199
How to Prevent Breast Cancer <i>Ross Pelton, R.Ph., Ph.D., C.C.N.</i>	211

Section 5 THE PROMISING SECOND DECADE OF ANTI-AGING MEDICINE

Anti-Aging Wisdom: Obesity <i>Compiled by A4M</i>	212
Hefty Concerns Raised by Obesity & Overweight <i>Dr. Robert Goldman, Chairman and Dr. Ronald Klatz, President</i>	213
Anti-Aging Wisdom: Contemporary Nutritional Discoveries Relating to Cancer Prevention & Treatment <i>Compiled by A4M</i>	221
Clinical Update on Cancer: Innovations in Diagnosis and Treatment <i>Dr. Robert Goldman, Chairman and Dr. Ronald Klatz, President American Academy of Anti-Aging Medicine (A4M)</i>	222
Anti-Aging Medicine: Independent Recognition & Endorsement <i>Compiled by A4M</i>	226
Beware Bait-and-Switch Nutritionals Marketing: The Deliberate Misrepresentation of Scientific Human Growth Hormone Research for Commercial Gain A4M Consumer Advisory; Issued July 27, 2001	227
The Fleecing of Academic Integrity by the Gerontological Establishment A4M Official Response Statement; Issued February 26, 2002	229
The Truth About Human Aging Intervention A4M Official Position Statement; Issued June 2002 and November 2002; with Excerpts from "Anti-Aging Medicine at Ten Years," <i>Anti-Aging Medical News</i> , Summer 2003	233
Safety and Efficacy of Adult Human Growth Hormone Therapy <i>A4M Official Position Statement; Issued Nov. 12, 2002</i>	243
Call to Action to Preserve America's Healthcare Freedoms as U.S. Government Seeks to Outlaw Nutritional Supplements <i>An Official Position Statement from The Medical Committee for Aging Research and Education (MCARE); Issued April 28, 2003</i>	247
Preventive Health's Singlemost Powerful Return on Investment Under Fire: Health Benefits of Vitamins and Minerals Outweigh Possible Risks, Reports Independent Expert Studies <i>A4M Official Position Statement; Issued May 13, 2003</i>	249
Anti-Aging Medicine: The Future is NOW <i>Dr. Robert Goldman, Chairman American Academy of Anti-Aging Medicine (A4M)</i>	252
